===========================================================================
A  D  A   D
A                              D
You've been around for such a long time now
Bm                       E
Oh maybe I could leave you but I don't know how
A                           D
And why should I be lonely every night
Bm
When I can be with you
E
Oh yes you make it right
D                    E
And I don't listen to the guys who say
A                       D
That you're bad for me and I should turn you away
Bm                          E
'Cos they don't know about us
A           Bm        C#m  E
And they've never heard of love

A                              D
I get a feeling when I look at you
Bm                       E
Wherever you go now I wanna be there too
A                             D
They say we're crazy but I just don't care
Bm                         E
And if they keep on talking still they get nowhere
So I don't mind if they don't understand

When I look at you and you hold my hand

'Cos they don't know about us

And they've never heard of love

Why should it matter to us if they don't approve

We should just take our chances while

we've got nothing to lose

Baby

There's no need for living in the past

Now I've found good loving gonna make it last

I tell the others don't bother me

'Cos when they look at you they don't see what I see

No I don't listen to their wasted lines

Got my eyes wide open and I see the signs

But they don't know about us

And they've never heard of love

No I don't listen to their wasted lines

Got my eyes wide open and I see the signs
A          Bm         C#m  E
But they don't know about us

D             G        A    D G A D G A
And they've never heard of love
